Why Choicelunch is AWESOME!

It's hard to believe . . .

It's been 15 years since we quit our jobs and took the leap on Choicelunch. We've done every job in the company along the way, and it wasn't glamorous by any means. Remaining intimately involved and building our company piece by piece has allowed us to develop a truly one-of-a-kind solution.

Our recipe is simple: delivering honest foods kids love and parents can feel good about, while empowering kids to try new foods and make healthy choices. Our goal is to simplify the lives of busy parents by taking lunch off their plate.

Today, with families of our own and 9 children between us, we know both how the right foods can make all the difference in a kid's day and how wonderful it is to not have the stress of making lunch.

We thank you for the trust you put in us every school day, and for choosing Choicelunch to serve your families.

Your dedicated lunch dads,

JUSTIN GAGNON, ceo

KEITH COSBEY, coo

RYAN MARIOTTI, cto

We take care of lunch so you don't have to.

"Love Choicelunch! Love the variety, love the computer system (how they bill, remind you and even give your students an "emergency lunch" if needed). Always a fruit or veggie. New things to try are wonderful. The owner of the company is a father too who has tons of integrity and wants families to be happy. We are thrilled that we can use this vendor daily."

More Me Time. More WE Time! Take Back Your Mornings!

We know just how valuable saving time in the day simplifies life for busy parents!

"My family has been ordering Choicelunch for the past 7 years. I have 3 children with three different ideas about what tastes good and they all manage to find 1-2 "go-to items" they can order most days of the week. The ordering process and payment process are a breeze! I am so thankful that our school uses Choicelunch and I can use it as a break for myself from the grind of making lunches."

"Can't sing enough praises and the family is loving the continually improving app. Two kids in two schools with opposite food sensitivities made for a lot of extra prep time and costly food waste... The Choicelunch settings allow their favorite dishes to be flagged up top. For the youngest, the dishes without his allergens are only featured. So easy, we can order from the palm of our hand."
